New Concept Aesthetics

Premium styling with modern streamline design

Electric Panoramic Sunroof

One-touch control for panoramic sunroof

U-Shaped Grille

New grille design: U-shaped curve, dynamic and steady.

Premium Light Show

Programmable front lights, casting beams of aspirations

Quality Redefines Comfort

8-Way Adjustable Driver Seat + Electric Lumbar Support + Seat Memory

What fits you is the best. Seat position memory, always adjusts seat to the most preferred angle and height.

Adjustable Electric Passenger Seat (Boss Switch) + Seat Ventilation

One-touch design: recliner switch for passenger seat. Seat ventilation and heating add to comfort.

Keyless Entry and Start

Bluetooth access to the cabin or remote start for a smart and enjoyable experience.

15.6"+10.25" LCD Dashboard+ Console Screen

Full HD infotainment screen, integrating all information about entertainment and the trip.

Intelligent Crystal Electronic Gearshift

Carefully crafted with 176 square facets, forming a multifaceted crystal gearshift resembling intricately cut diamonds. Perfectly unifies advanced luxury with comfortable handling.

All-Time Interactive Voice Control System(English, Arabic, Spanish, Russian, Persian, Portuguese)

Able to support 6 languages and respond to any demand from front and rear.

8155 Chips

Ultra-strong computing power of dies, empowering the car and optimizing infotainment experience.

50W Wireless Charging

Fast charging without wires. Each detail is freedom brought by technology.

CarPlay & Android Auto

Not limited to iOS and Android systems; one-touch design, seamless switch between smartphones and infotainment.

Easy Open Electric Tailgate

With a little kick, the tailgate opens automatically. Hands-free elegance to the utmost.

Quality mobility, superior comfort

To ensure that you and your family have the best and most prestigious experience possible.

CN95 Air Filters + PM2.5 + New Wind System

Filtering hazardous particles and purifying the air you breathe.

Automatic Dual-Zone AC

Front & Rear climate control memory, automatically adjusts temperature for drivers and passengers.

Performance
Redefines Dreams

Adaptive Cruise Control (ACC)

S09 helps vehicles maintain a safe following distance and stay within the speed limit. The system automatically adjusts the car's speed, so the driver doesn't have to.

Autonomous Emergency Braking (AEB)

S09 keeps a constant eye on the road ahead and will automatically bring the vehicle to a halt if the driver fails to take action in case of danger.

Lane Keep Assist (LKA)

It's an intelligent technology that actively applies steering or braking to prevent your car from crossing the lane line when you don't want it to and potentially causing an accident.

Lane Departure Warning (LDW)

Systems will warn the driver if he or she leaves a marked lane without using the indicator, or if the vehicle is drifting out of its travel lane.

Forward Collision Warning (FCW)

S09 uses sensors to scan the road ahead of you for obstacles such as other vehicles, fixed objects, and even pedestrians. While you're driving, it measures the speed and distance of your vehicle and objects around you.

High Beam Assist (HMA)

This system automatically switches the headlamps from high beam to low beam when it detects a vehicle ahead. Frequent use of the high beams helps to detect pedestrians earlier, making driving safer.

10+ Intelligent Assisted Driving

Over 10 intelligent assisted driving functions, covering common scenarios like highway, traffic jams, overtaking, and lane switching. These functions will make driving easier.

- Intelligent Driver Assistance System (ADAS) *

S09 utilizes its class's most advanced intelligent configurations, featuring a 77 GHz millimeter-wave radar and a megapixel monocular camera. It integrates multiple high-tech functions, offering over 10 intelligent driving assistance systems, including Adaptive Cruise Control (ACC), Automatic Emergency Braking (AEB), Lane Keeping Assist (LKA), Lane Departure Warning (LDW), Forward Collision Warning (FCW), and High Beam Assist (HMA). These systems aim to enhance vehicle safety and driving comfort, ensuring a secure travel experience.

540° See-Through Chassis

Omniscient view for drivers. Clear view all around. With panoramic view of chassis, no more blind spot on the underside.

More power
More life

Top 10 China Engine

1.6TGDI+7DCT

Golden Powertrain

145kW 290N·m

High intensity tumble intake
200 bar high pressure direct injection system
90 MJ high energy ignition system
The 3rd generation intelligent control system
Intelligent, efficient and clean combustion
More than 15,000 hours of bench testing, comparable to more than 10 years of user experience, and over 2 million kilometres of vehicle testing;

Powertrain

2.0TGDI+7DCT

Strong Powertrain

187kW 390N·m
0-100 km/h < 8s

Ultra 5+ Energy | Clean | Quiet | Solid | Light
Powertrain 2.0TGDI engine was developed by more than 1000 engineers from three main R&D facilities in Europe and China and based on 23 years of positive engine development skills, as well as solid product development system, and an advanced verification system.
It has a maximum power output of 187kW and a maximum torque output of 390N·m, and the power reserve is comparable to 3.5L V6 engine.

Smart 4WD

Smart 4WD torque distribution, ensuring stable vehicle balance in all road conditions.
